G. Here is a dialogue between a father and his daughter. Continue the dialogue with at least five utterances and use all the clues given above.

Father: Hi Mary, it has been a very long time since we went on a trip. Let's plan one.

Mary: Yes, dad. I am also longing to go. Why don't we plan one for this weekend?

Father: Sure. Tell me, where shall we go?

Mary: Some place nearby but for at least two days.

Father: Hmm… I think we should go to the reserved forest nearby.

Mary: Yeah. I've never been to a forest. I have seen it only on the TV and movies. A forest is a good choice!

Father: OK. If we are going to the forest, we must list out what we should carry with us for two days.

Mary: I think we should carry suitable clothes like _____

Father: What about the food? Do you have any idea, Mary?

Mary: Yeah. For food, I suggest_____ _____.

Father: _____ _____ _____.

Mary: _____ _____ _____.

Reading

H. Read the following passage and answer the questions that follow.

BUNGEE-JUMPING

Bungee Jumping is an activity that involves jumping from a tall structure while connected to a long elastic cord. The tall structure is usually a fixed object, such as a building, bridge or crane; but it is also possible to jump from a movable object, such as a hot-air-balloon or helicopter, that has the ability to hover above the ground. The thrill comes from the free-falling and the rebound. When the person jumps, the cord stretches and the jumper flies upwards again as the cord recoils, and continues to oscillate up and down until all the kinetic energy is dissipated.

Jumping Heights, located in Mohan Chatti village, in Rishikesh has been rated as one of the most preferred Bungee Jumping destinations in India at a height of 83 meters. It is the only place in India where Bungee Jumping can be done from a fixed platform. This is also India's only fixed platform Bungee performed from a professional cantilever, to separate it from entertainment parks, and create instead, an extreme adventure zone. The Bungee has been designed by David Allardice of New Zealand.

The Cantilever platform is built over a rocky cliff over-looking the river Hall, a tributary of River Ganges. Bungee-ing amidst the vastness of nature lends an absolutely breath taking experience.
