time of the performance, so little Charlie Chaplin stood instead and performed for his mother.

Charlie Chaplin came to the United States in 1910, at the age of 21. He was brought to New York, which was known to be a great place to start out for anyone trying to become a professional actor. Two years later, in 1913, Chaplin signed his very first contract at Keystone and it was no time before he headed to Hollywood. His first movie premiered in 1914, "Making a Living," and went on to make over 35 movies total in that year alone. Charlie Chaplin grew to become one of the most popular and successful actors of all time. The moment that really kicked off his long career was in 1921 when he starred in, and produced, his first full length film called "The Kid." From then on, most people all over the world knew Charlie Chaplin and loved his movies. He had a great career and life, dying on December 25, 1977, in Vevey, Switzerland. He had apparently died of natural causes in his sleep from old age.
